Upon receipt of the Client money, the Company will promptly place such money into one or more Segregated Client Account(s).

The Company shall not account to the Client for profits or interest earned on Client money (other than profit gained through trading Transactions from his Client Account(s) under this Agreement) and the Client waives all right to interest.

The Company may deposit Client money in overnight deposits and will be allowed to keep any interest.

The Company may hold Client money and the money of other clients in the same bank account (omnibus account).

The Company may deposit Client money with a third party who may have a security interest, lien or right of set-off in relation to that money.

The Company may deposit Client money with a third party for collateral/margin purposes.

Client money may be held on the Client's behalf with an intermediate broker, a bank, a market, a settlement agent, a clearing house or OTC counter-party located within or outside Cyprus or the EEA. The legal and regulatory regime applying to any such person outside Cyprus or the EEA will be different from that of Cyprus and in the event of the insolvency or any other equivalent failure of that person, the Client's money may be treated differently from the treatment which would apply if the money was held in a Segregated Account in Cyprus. The Company will not be liable for the solvency, acts or omissions of any third party referred to in this paragraph.

The third party to whom the Company will pass money may hold it in an omnibus account and it may not be possible to separate it from the Client's money, or the third party's money. In the event of the insolvency or any other analogous proceedings in relation to that third party, the Company may only have an unsecured claim against the third party on behalf of the Client, and the Client will be exposed to the risk that the money received by the Company from the third party is insufficient to satisfy the claims of the Client with claims in respect of the relevant account. The Company does not accept any liability or responsibility for any resulting losses.

The Company is a member of the Investors Compensation Fund (ICF). So, depending on his categorization, the Client may be entitled to compensation from the ICF in the event that the Company is unable to meet its obligations as explained in the "[Investors Compensation Fund Policy](#)".

If the Client Account has funds of less than minimum initial deposit of 250 US Dollars or other amount in other currency (according to the Currency of the Client Account) as determined by the Company in its discretion from time to time in the Contract Specifications, the Company reserves the right to close the Client Account, notify the Client accordingly and charge the Client any bank or other related charges.

If no trade is placed in the Client Account, by himself and not copied from others, for a period over one calendar month, the trading account is considered as inactive/Dormant and being classified as such, the

Client may not be able to access the TradeBook section and the Social Profile section. Moreover, the account will be marked as Dormant when searched by others in the Social Profile / Add member section.

If the Client Account is inactive for three (3) calendar months or more, the Company reserves the right to charge an account maintenance fee of as determined by the Company in its discretion from time to time in the Contract Specifications (depending in the Currency of the Client Account) and in accordance with the Company's Inactive or Dormant account policy in order to maintain the Client Account open and any bank or other related charges.

37. INACTIVE OR DORMANT CLIENT ACCOUNTS

If over a period of three (3) calendar months no trading transactions are processed over a trading account, the account will be considered as “inactive” or “dormant”.

As “no trading transactions” we consider when:

- No funds were deposited/withdrawn within the last three (3) calendar months in the specific account, or
- No Trades / Positions have been executed or are Open or Pending in the last three (3) calendar months through the specific Account.

A trading account receives the status “dormant” on the first business day after three (3) transaction-free months. As soon as the trading account has received the status “dormant”:

- a) All premiums on the account will be deleted;
- b) a monthly account keeping fee of 10% of the account balance, or at least 5€ (five Euros) will be charged and debited from the assets held in the account;
- c) monthly account keeping fees are debited from the assets until the assets are used up;

The deduction will take place on the last day of every month, until the balance of the Dormant Account has reached zero (0).

Dormant Accounts with a zero (0) balance will be de-activated and will remain in the Dormant Accounts Group.

In the event that the client wishes to re-activate his/her Trading Account, that is, deposit new funds and/ or start trading, within the timeframe during which the Dormant Account administration fee is being

applied, we will cease to deduct the Dormant Account Administration Fee, but we will not refund any Dormant Account Administration Fees deducted from the Clients Account.

All trading accounts receiving the status “dormant” are notified via email from the Back office department which in turn will inform the account holder about their status and of all potential administrative fees which may apply to their accounts every time the Company has to apply an administrative fee.

It is made clear that for Accounts which have Base Currency other than EUR, the deduction of applicable administrative fee will be converted to the specific Base Currency.

48. CRYPTOCURRENCIES

The Company may, at its sole discretion, offer CFDs on cryptocurrencies for trading from time to time. Cryptocurrencies, when used in this Agreement, unless the context otherwise requires, shall mean a type of decentralized digital currency or asset which is not issued by any central bank or issuer in which encryption techniques are used to facilitate the generation of units of the currency or asset and verify the transfer of units (“Cryptocurrencies”).

You hereby acknowledge and accept that Cryptocurrencies are traded on non-regulated decentralized digital exchanges and that there is no specific European regulatory framework governing the trading in Cryptocurrencies. As such, Cryptocurrencies are not recognized as Financial Instruments under MiFID, however Derivatives on Cryptocurrencies are qualifying as financial instruments under the Law and trading in CFDs on Cryptocurrencies falls within the scope of MiFID and of the Company’s MiFID regulated activities.

The price formation and price movements of these products depend solely on the internal rules of the particular digital exchange which may be subject to change at any point in time and without prior notice. In this respect, you further acknowledge and accept that this may often lead to wide fluctuation (i.e. high volatility) in the prices of these products.

The market and pricing data on Cryptocurrencies are derived from the digital decentralized exchanges that the Cryptocurrencies are traded on. Due to the fact that the market and data pricing formation rules on Cryptocurrencies, provided by such exchanges, are not subject to any regulatory supervision, they may be subject to changes in the relevant digital exchange’s discretion at any time. Likewise, such digital exchanges may introduce trading suspensions or take other actions that may result in the suspension or cessation of trading on such exchanges or the price and market data feed becoming unavailable to us. The above factors could result in material adverse effect on your open positions, including the loss of all of your invested capital. Where a temporary or permanent disruption to or cessation of trading occurs on any digital exchange from which we derive our price feeds for the relevant Cryptocurrency, your positions in such Cryptocurrency will be priced at the last available price for the relevant Cryptocurrency, and you may be unable to close or liquidate your position or withdraw any funds related to such position until the trading on the relevant digital exchange resumes (if at all). You accept that where trading resumes again at either the relevant initial digital exchange or on any successor exchange thereof, there may be significant price differential (price gapping) which may impact the value of your CFD positions in the relevant Cryptocurrencies and result in significant profit or losses. Where

trading does not resume, all of your invested capital could potentially be lost. You hereby acknowledge and accept that you have been informed by the Company of and understand this particular risk into account when taking investment decisions in respect of trading CFDs on Cryptocurrencies.

Any complaints and/or disputes you may have against our Company which relate to trading on such products (i.e. Cryptocurrencies) are not eligible and shall not be accepted for review/consideration by the Financial Ombudsman of the Republic of Cyprus.

You hereby acknowledge, represent and warrant to us that, when trading in CFDs on Cryptocurrencies, you fully understand the specific characteristics and risks related to these Cryptocurrencies and that trading in Cryptocurrencies and/or in CFDs on Cryptocurrencies is not appropriate for all investors.

49. AUTOMATED TRADING SYSTEMS

Unauthorized automatic or semi-automatic trading systems that are installed by the customer within the browser or on his computer that require no human action to perform will be treated by us as a backdoor Application Performing Interface System and can lead to a closure of the account or to a lifting of the trade. Trades that are realized on that kind can lead to courses that would otherwise not have been and are considered by us as Over-the-Counter trading. This leads to the cancellation of trades made.

50. ABUSIVE TRADING

If the Company reasonably suspects that the Client performed abusive trading such as, but not limited to, pip-hunting, scalping, arbitrage, manipulations or a combination of faster/slower feeds, it may, at its absolute discretion, at any time and without prior Written Notice, take one or more of the following actions:

The Company will use reasonable efforts to execute an Order, but it is agreed and understood that despite the Company's reasonable efforts transmission or execution may not always be achieved at all for reasons beyond the control of the Company.
